

Kids Arty Parties & Workshops

- Does your child want to celebrate their birthday by getting all creative and messy with a group of friends?
- Or just an excuse to get together with a group of friends during a holiday or half term, with a bit of creative fun.
- A shared experience where they will gain confidence in skills, enjoy the process along the way and walk away with a 'ready to display' piece of artwork.

A fun morning or afternoon art experience for your children at a party or workshop tailor-made for each group. Agree your date and time allowing for maximum flexibility and a truly bespoke experience.

Their art experience can focus on different techniques, paints and processes to fire their imagination and uncover their creativity. Suggest a theme, or choose from a selection of tried and tested activities that Sarah will provide.

Sarah is an experienced teacher, who has led many workshops in how to create wonderful, magical art work, for children and adults of all abilities. She would like to help your group achieve the same.
